AVIONICS EUROPE 2010 (Incorporating Defence Electronics) PennWell Corporation

MEDIA INFORMATION

Ref: KNMPR/09/04/f

Date: 15th December 2009

Subject: Details of WORKSHOPS announced for forthcoming AVIONICS EUROPE

PennWell Corporation, organisers of the premier platform for the Avionics community, AVIONICS EUROPE, has announced details of the Workshops that will run alongside the prestigious Exhibition and Conference.

AVIONICS EUROPE will be held from the 24th and 25th March, 2010 at the Passenger Terminal (City Centre) in Amsterdam, The Netherlands, will for the first time incorporate a track on the important area of Defence Electronics.

Workshop Subjects to Include:

Wednesday 24th March 2010

- Challenges and Solutions for Certifying C++ Object Orientated Embedded Software Applications.
- A Partitioned, Safety Critical Graphical Abstraction Layer.
- Implementing an AFDX End System in complex FPGA Logic – Objectives and Safety Considerations.
- High Speed Databus COTS Hardware.

Thursday 25th March 2010

- Software Performance Optimisation; How to Avoid Early Obsolescence of Avionics Systems.
- Software Safety and Security in the Context of Standards.
- Evaluating the Benefits of Today's Available DO-178B Level A Certified COTS Software Products
- Required Formal Methods for UAS Safety Critical Software Development
- An insight into Assisting Aviation Display Designers by Measuring Visual Clutter.

24th-25th March 2010
Passenger Terminal (City Centre)
Amsterdam, The Netherlands

The Avionics Europe workshops offer a shorter, more interactive technology sessions that goes deeper into detail and provides the opportunity to discuss and debate with the moderator and workshop group.

The workshops also compliment the main conference which will tackle the key issues in todays aviation and defence electronics industry and is themed 'Enabling Performance Based Operations'.

For more information on any of the subjects above or to register online, visit: www.avionics-event.com.

Editors Notes

Avionics Conference now in its 8th year, and retains its position as the premiere conference for the avionics industry. Recently purchased by PennWell Corporation, and now incorporating Defence Electronics, the Avionics Conference 2010 will consist of a trade exhibition, two-day conference program, workshops, master classes, exhibitor presentations and technology demonstrations. The next Avionics will be held 24-25 March 2010 in Amsterdam followed by Avionics USA 2010 3-4 June 2010 in San Diego, USA.

PennWell Corporation is a highly diversified, business-to-business media company providing authoritative print and online publications, conferences and exhibitions, research, databases, online exchanges and information products to strategic global markets.
