Date: 12th January, 2010

Avionics Track conference subjects announced for AVIONICS 2010

AVIONICS EUROPE incorporating DEFENCE ELECTRONICS, the premier platform for the avionics community, has announced the conference subjects to be covered during the Avionics Track of the 2010 Event.

The exhibition and conference will be held from the 24th and 25th March, 2010 at the Passenger Terminal (City Centre) in Amsterdam, The Netherlands.

The theme of the Avionics Track, "Enabling performance-based operations", will include:

AVIONICS WITH ATM (AIR TRAFFIC MANAGEMENT)

SESAR IP1 phase and aircraft systems contribution.
FAA National Airspace system (NAS) Aircraft Architecture Planning
Key Drivers at ATM Avionics Improvement

PERFORMANCE BASED OPERATIONS

Performance Based Navigation (PBN) in Europe
Implementing RNP AR
How performance based operations reduced operational costs and environmental load at global anchor points

REGULATORY FRAMEWORKS FOR AVIONICS

Regulatory Frameworks for Performance Based ATM

NEXT GENERATION MILITARY AVIONICS

Performance based conformity assessment for Airborne Military Systems Integration in SESAR

24th-25th March 2010
Passenger Terminal (City Centre)
Amsterdam, The Netherlands

Head up Display Performance Improvements through Advances in Optical Design

UNMANNED SYSTEMS AVIONICS

COST EFFICIENT AVIONICS

EFB Class 2 & 3 strategy, business case and development
EFB Class 2 & 3 Transition and Advanced Applications
The Complexities of Implementing an Integrated EFB Program - A Real World Case History
Fundamental guidelines to regulatory approval for paperless cockpit and paperless maintenance

RUNWAY INCURSION & EXCURSION- INCREASING SAFETY

Surface Operations Safety
Advanced synthetic vision for Rotorcraft
Enhanced surface operations and runway overrun prevention system
Degraded Vision Landing Aid

EARLY BIRD DELEGATE RATE

Visitors to the AVIONICS EUROPE incorporating DEFENCE ELECTRONICS conference can currently benefit from the Early Bird rate, offering delegates 20% discount off the standard delegate rate.

The Early Bird rate ends on 27th January and delegates can benefit from booking online at www.avionics-event.com.

For more information or to register online, visit: www.avionics-event.com

Editors Notes

Avionics Conference now in its 8th year, and retains its position as the premiere conference for the avionics industry. Recently purchased by PennWell Corporation, and now incorporating Defence Electronics, the Avionics Conference 2010 will consist of a trade exhibition, two-day conference program, workshops, master classes, exhibitor presentations and technology demonstrations. The next Avionics will be held 24-25 March 2010 in Amsterdam followed by Avionics USA 2010 3-4 June 2010 in San Diego, USA.

PennWell Corporation is a highly diversified, business-to-business media company providing authoritative print and online publications, conferences and exhibitions, research, databases, online exchanges and information products to strategic global markets.
